

Senator Wicker FY25 Commerce and Science CDS Requests

***Please refer to the bottom of this document for account specific information.**

Subcommittee:

Account:

Project Name:

Justification/Project Purpose:

Very short explanation of what the project will do.

Project Website:

Project Detail:

This description should provide a brief (250 words or less) summary of the project, including its purpose, goals, history and current status, as well as the justification for the project (i.e., why funding is in the interest of taxpayers). The description should explain how the money will be spent (i.e., \$-x- for salaries; \$-x- for programming; \$-x- for equipment; etc.). Be specific when describing the activities and expenditures. The project detail should also state what performance standards will be used to measure whether this project has achieved its objectives. This description must be complete on its own and may not simply incorporate supporting materials by reference. Within the project detail, please indicate if the project or recipient received CDS funding in FY 2022 or in FY 2023. If so, the request should differentiate the FY 2024 request from the prior year funding and explain how the project will be sustained over time without CDS funding.

CDS Account Specific Information

NIST STRS, External Projects. The Subcommittee will accept CDS requests for NIST STRS. Projects should address standards-related research and technology development. Construction projects will not be accepted.

NIST Construction of Research Facilities, Extramural Construction. The Subcommittee will accept CDS requests for NIST Extramural Construction projects for non-Federal research facilities, including for projects at research institutions and colleges and universities. However, given the significant investments necessary for construction projects, only a very limited number of projects will be supported on an annual basis. Member office staff are strongly encouraged to contact Subcommittee staff to discuss individual projects prior to submission.

NOAA ORF, Special Projects. The Subcommittee will accept CDS requests for NOAA ORF. Projects should address fisheries, marine mammals, ocean, coastal issues, climate, weather, atmospheric research, data acquisition, and forecasting programs. Construction projects will not be accepted.

NASA Safety, Security and Mission Support (SSMS). The Subcommittee will accept CDS requests for NASA SSMS. Projects should focus on science education, research, and technology development related to NASA's mission. Medical research projects and projects at NASA owned Visitor Centers or a State's designated Space Grant Consortium will not be funded. This account cannot fund construction but may be used for equipment, research funding, or education programs.
